An origin myth is a myth that purports to describe the origin of some feature of the natural or social world. One type of origin myth is the cosmogonic myth, which describes the creation of the world. However, many cultures have stories set after the cosmogonic myth, which describe the origin of natural phenomena and human institutions within a preexisting universe.

Myth is a folklore genre consisting of narratives that play a fundamental role in society, such as foundational tales. The main characters in myths are usually gods, demigods or supernatural humans. Myths are often endorsed by rulers and priests and are closely linked to religion or spirituality. In fact, many societies group their myths, legends and history together, considering myths to be ...
