Prevention is better than cure! Designing information security awareness programs to overcome users' non-compliance with information security policies in banks

Prevention is better than cure! Designing information

Etymology. The word 'secure' entered the English language in the 16th century. It is derived from Latin securus, meaning freedom from anxiety: se (without) + cura (care, anxiety).. Overview 'Referent' A security referent is the focus of a security policy or discourse; for example, a referent may be a potential beneficiary (or victim) of a security policy or system.
