### **Animal cruelty by children exposed to domestic violence**

Many animal behaviorists think such abnormal behavior is an indicator of illness or of stresses on the animal. Stereotypies are not unique to horses but are seen in a variety of domestic animals from dogs to cats to birds to pigs and cattle, as well as wild animals kept in captivity such as zoo animals.

### **An Abnormal Behavior in A Horse - Animal Behavior Associates**

Abnormal behaviour in animals can be defined in several ways. Statistically, abnormal is when the occurrence, frequency or intensity of a behaviour varies statistically significantly, either more or less, from the

normal value. This means that theoretically, almost any behaviour could become abnormal in an individual.
