The Predacons are usually depicted as antagonists in the fictional continuities of the Transformers storyline and related comics and cartoons. Usually, they have a relation to the Decepticons, the more prominent antagonists of the series, be they a subgroup, their successors, or even their creators. They are the enemies of the Maximals and even sometimes their predecessors, the Autobots ...

Dolphin is a common name of aquatic mammals within the order Cetacea, arbitrarily excluding whales and porpoises. The term dolphin usually refers to the extant families Delphinidae (the oceanic dolphins), Platanistidae (the Indian river dolphins), Iniidae (the new world river dolphins), and Pontoporiidae (the brackish dolphins), and the extinct Lipotidae (baiji or Chinese river dolphin).

Powers of Angels. We know a good deal about Satan from the fact he is an angel, though a fallen one. As such he was created without a body or physical aspect, for angels have no bodies, unless God clothes them with a temporary appearance in order to send them as messengers or witnesses into the world, as in the case of the angels that sat in the tomb of Christ.

It's no surprise to some people that as many as 18 percent of those brought back to life after a heart attack have had near-death experiences. To others, the idea that human consciousness and the body can exist distinctly from each other seems unscientific. However, if there is no existence beyond ...
