Organization development (OD) is the study of successful organizational change and performance. OD emerged from human relations studies in the 1930s, during which psychologists realized that organizational structures and processes influence worker behavior and motivation. More recently, work on OD has expanded to focus on aligning organizations with their rapidly changing and complex ...

5 February 2019. The Slovak economy is experiencing a robust expansion, boosting living standards and convergence with higher-income countries. Policies should now aim to sustain this performance, prepare people for the future of work and ensure that the benefits of growth are shared among all Slovaks, the latest OECD Economic Survey of the Slovak Republic says.
