30 fun facts about pandas and their life - Raise Your Brain

Pandas do not run fastâ€”a slow trot is as fast as they can go. The fastest bear is the black bear, which can run 35 miles per hour. Thatâ€™s about as fast as a horse or deer. [3] Pandas rely less on visual memory than they do on spatial memory to locate a mateâ€™s home range area and preferred patches of bamboo.

67 Cute Facts about Giant Pandas | FactRetriever.com

The giant panda has long been a favorite of the public, at least partly on account of the fact that the species has an appealing baby like cuteness that makes it seem to resemble a living teddy bear.
