

panic attacks how to pdf

Panic Disorder results from misinterpreting bodily sensations associated with the "fight-flight-freeze" response as dangerous; for example, believing that an increase in your heart rate means that you are having a heart attack.

Management Strategies for Panic Disorder

Understanding anxiety and panic attacks Past or childhood experiences If something distressing happened to you in the past, you might feel anxious about facing similar situations again in case they stir up the same feelings of distress. It all started back in high school when I was physically and verbally bullied.

Understanding anxiety and panic attacks understanding - Mind

Panic attacks come on very quickly, symptoms usually peaking within 10 minutes. Most panic attacks last for between 5 and 20 minutes. Some people report attacks lasting for up to an hour, but they are likely to be experiencing one attack after another, or a high level of anxiety after the initial attack.
