Pages in category "Quaternary South America" The following 35 pages are in this category, out of 35 total. This list may not reflect recent changes ().

### **Category:Quaternary South America - Wikipedia**

This dissertation addresses the Late Quaternary Extinction event debate in South America by developing analyses of the extinction at regional scales, and improving the chronology of extinction for some regions of the continent by radiocarbon dating bone specimens of extinct megafauna following high standard procedures for radiocarbon dating ...

### **Late Quaternary Megafaunal Extinctions in South America**

The Quaternary Period follows the Neogene Period and extends to the present. The Quaternary covers the time span of glaciations classified as the Pleistocene, and includes the present interglacial time-period, the Holocene. This places the start of the Quaternary at the onset of Northern Hemisphere glaciation approximately 2.6 million years ago.

### **Quaternary - Wikipedia**

Palaeolama must have migrated to South America in a later event, remaining in the intertropical region of this continent. In this paper, any hypothesis about the first record known of Hemiauchenia in South America as also being the most austral could not be supported.
