What is most interesting to me is the common thread that links each of these recovery stories. It seems to be a long term commitment to experimentation, persistence and hard work. I felt tremendously inspired researching these stories and it has renewed my unwavering commitment to learn and enact all I can to maximise my chances of recovery.

If I asked you which of these vitamins was found naturally in food, folate or folic acid, would you know the answer? If not, youâ€™re in good company. Medical professionals, nutrition experts, and health practitioners frequently mix up the two, simply because the terms are often used interchangeably. Many health professionals would even argue that folate and folic acid are essentially the same ...
