Columbia's psychology department is one of the oldest and most influential in the United States, consistently ranking among top programs due to its world-renowned faculty and alumni.

### **Department of Psychology**

Educational psychology is the branch of psychology concerned with the scientific study of human learning. The study of learning processes, from both cognitive and behavioral perspectives, allows researchers to understand individual differences in intelligence, cognitive development, affect, motivation, self-regulation, and self-concept, as well as their role in learning.
