the dyestuffs of the pdf

History of British Dyestuffs Corporation and Imperial Chemical Industries (ICI) in Huddersfield and Manchester.

British Dyestuffs Corporation and ICI - colorantshistory.org

The history of synthetic dyestuffs is mirrored in the history of the Geigy Company. The young merchant Johann Rudolph Geigy started the business in 1758 in Basel, Switzerland.

Geigy-A Historic Dyestuffs Company

Epochem provides fine chemicals such as acid, reactive, disperse, direct, cationic, solvent, vat, azoic, sulphur dyes, pigments, dyestuffs for special uses: heat transfer ...

Epochem, the manufacturer, warehouse and consortium

A dye is a colored substance that has an affinity to the substrate to which it is being applied. The dye is generally applied in an aqueous solution, and may require a mordant to improve the fastness of the dye on the fiber.. Both dyes and pigments are colored, because they absorb only some wavelengths of visible light. Dyes are usually soluble in water whereas pigments are insoluble.
