Wealth of an individual is defined as net worth, exposed as: $\text{wealth} = \text{assets} - \text{liabilities}$ A broader definition of wealth, which is rarely used in the measurement of wealth inequality, also includes human capital. For example, the United Nations definition of inclusive wealth is a monetary measure which includes the sum of natural, human and physical assets.

Elitism is the belief or attitude that individuals who form an elite – a select group of people with a certain ancestry, intrinsic quality, high intellect, wealth, special skills, or experience – are more likely to be constructive to society as a whole, and therefore deserve influence or authority greater than that of others. In the United States, the term elitism often refers to the ...
