The chief financial officer (CFO) is the officer of a company that has primary responsibility for managing the company's finances, including financial planning, management of financial risks, record-keeping, and financial reporting. In some sectors, the CFO is also responsible for analysis of data. Some CFOs have the title CFOO for chief financial and operating officer.

Consideration of Fraud in a Financial Statement Audit

A financial audit is conducted to provide an opinion whether "financial statements" (the information being verified) are stated in accordance with specified criteria. Normally, the criteria are international accounting standards, although auditors may conduct audits of financial statements prepared using the cash basis or some other basis of accounting appropriate for the organisation.
