The Impact of Science on Society one day everybody would have his own individual form of personal transportation, laughed at the idea of the metropolis at a standstill when the streets became, as they surely would, 14 feet deep in horse manure. The concept of any other form of transportation was outside his context.

less the need for a large inventory. The impact on costs associated with decreased inventories is most pronounced in industries where the product has a limited shelf life (e.g. bananas), is subject to fast technological obsolescence or price declines (e.g. computers), or where there is a rapid flow of new products (e.g. books, music).
