White Fragility is a state in which even a minimum amount of racial stress becomes intolerable, triggering a range of defensive moves. These moves include the outward display of emotions such as anger, fear, and guilt, and behaviors such as argumentation, silence, and leaving the stress-inducing situation.

### **White Fragility | DiAngelo | The International Journal of**

The journal deliberately encourages a broad view of the origins and development of accounting with an emphasis on its functions in an increasingly interdependent global economy, and welcomes manuscripts that help explain current international accounting practices, with related theoretical justifications, and identify criticisms of current practice.
